

Tenerife Canary Island are the largest archipelago characterized by a diverse landscape: the mountain ranges powerful tip "Cañadas del Teide" (the highest peak of Spain) in diameter of 20 km rising to a height of 3718 m above sea level, this mountain range surrounded by fertile fields, rich plantations and banana plantations of vegetables (mainly tomato). The coast also offers a variety of landscapes: from the steep cliffs that plunge into the sea and wide to the fine sand beach. The capital and port of the island called Santa Cruz de Tenerife (211,000 inhabitants) - many Atlantic cruises have required a berth in the port so that it is the real center of this city. The island has two central tourist areas: the north of "Puerto de la Cruz" and "Playa de las Americas" in the south.
